How To Recycle Your Used Carpet

1. Keep it clean

Make sure carpet and pad are separated, clean, dry and free of tack strips, nails, wood and trash.

2. Roll it up

Please roll carpet and pad up, we will not accept lengths longer than 6ft.

3. Drop it off

Please seek out an attendant that will open the trailer and assist you with loading your material.

4. Save

Recycling carpet not only keeps it out of landfills but helps keeps money in your pocket. The fee for recycled carpet is \$10/ton compared to \$155.28/ton for trash.
